

RollSeal® Doors

August - 2024

Model RS-300 Door

Automated RollSeal System

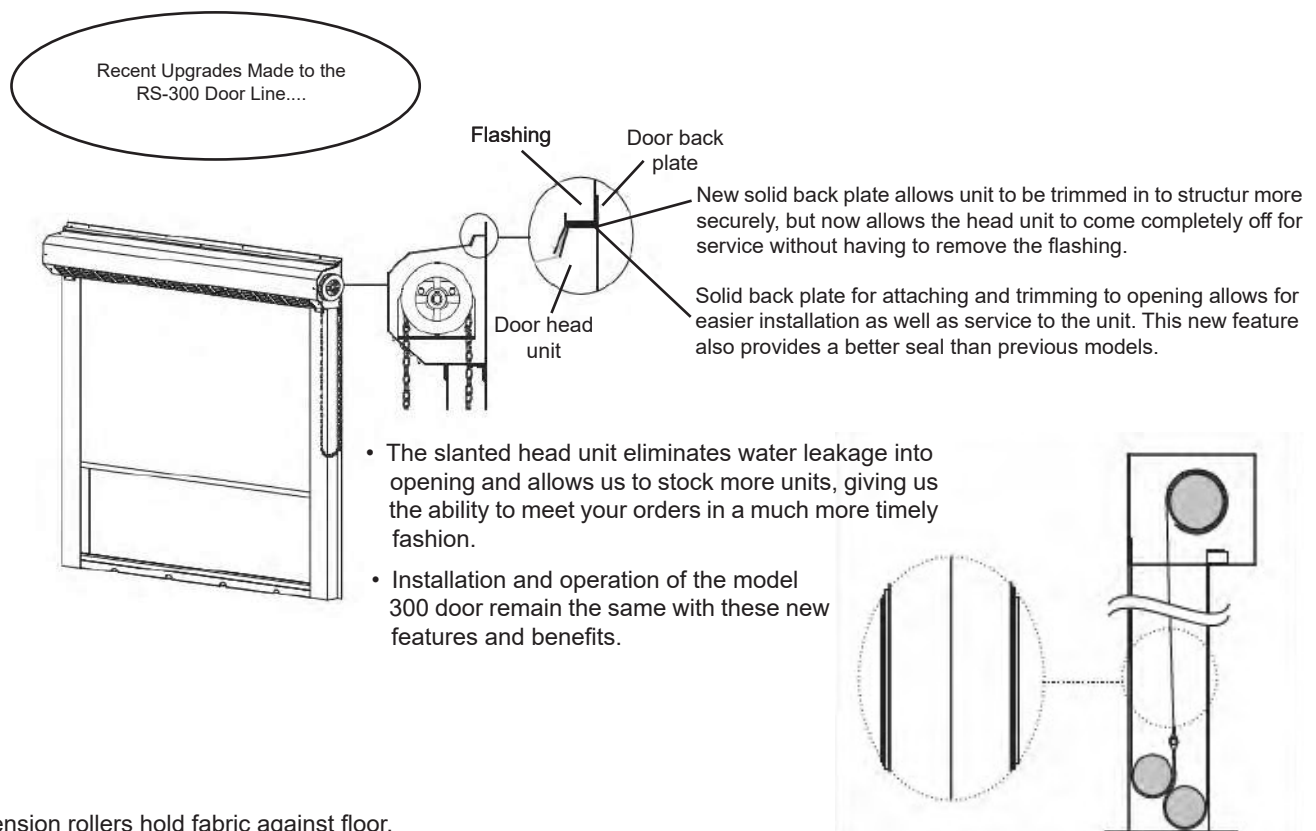

- Standard sizes up to 13' wide and 14' tall
- Aluminum tracks and covers
- RollSeal patented seal system, 3 ply fabric, double seal with dead air space for good thermal insulation
- Excellent seal for pressurization applications
- Three operators to choose from:
 - Manual chain hoist operator
 - Tube motor operator
 - Manarasa opera continuous duty operator
- Fabric and window options
- Additional switches and opening devices
- Remote transmitter/receiver option

RS-300 Model Door

Our patented and state-of-the-art RollSeal Doors are a simple, functional and inexpensive environmental control.

The 300 Model is a unique and affordable choice for applications where light to medium use and low cost are requirements. It is available with the choice of a manual chain hoist or a motor drive. Simple installation consists of attaching the side tracks to the head unit, standing the door upright to the frame and bolting the unit into place.

- Tension rollers hold fabric against floor.
- 2.5" Drive tube is concealed under aluminum header.
- Aluminum housing and side channels are strong, lightweight and easy to clean.
- The patented sealing system provides excellent wind load resistance.
- The sealing system utilizes commercial hook and loop, reducing movement of air, dust, dirt and other contaminants from room to room.
- Multilayered, high density woven polyethylene fabric has two air pockets that provide good thermal insulation characteristics.

RS-300 Model Door (5' Wide - 11' Wide)

* Please see chart(s) below for all new single part number door ordering process. Please contact sales or customer service for quotes on door options not listed below.*

* Listed Width and Height Dimensions reflect the "Clear Opening" of the Door. Total Door Dimensions can be calculated by the below formulas:

Total Door Width = Clear opening dimension listed above + 13.5"

Total Door Height = Clear opening dimension listed above + 12.5"

** Manaras Motor Doors do not come with the Manaras Motor. Please see the charts on the following pages for part numbers and pricing on motor options. Doors are set up as Universal Mount, so Manaras can be mounted on either the left or right hand side of the door. All Chain Hoist Doors come complete with Chain Kit Included in the List Price.

Prices and specifications are subject to change without notice.

Model RS-400 Door

Automated RollSeal Systems

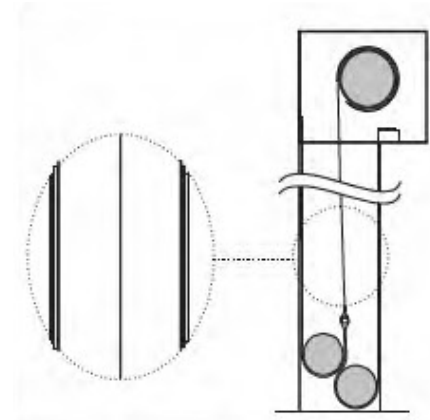

- Standard sizes up to 16' wide and 16' tall
- Aluminum tracks and covers
- RollSeal patented seal system, 3 ply fabric, double seal with dead air space for good thermal insulation
- Excellent seal for pressurization applications
- Three operators to choose from:
 - Manual chain hoist operator
 - Manaras opera continuous duty operator
- Fabric and window options
- Additional switches and opening devices
- Remote transmitter/receiver options

The RollSeal Door line provides simple, functional and inexpensive environmental controllers. The 400 model is a unique and affordable choice for large applications where environmental control, pressurization and low cost are requirements. It is available with the choice of a manual chain hoist or a motor drive. Simple installation consists of attaching the side tracks to the header, standing the door unit up to the frame and bolting the unit in place.

NOTE: Throughout this manual hook & loop refers to fabric fasteners attached to curtain and vertical members.

- Tension rollers hold fabric against floor.
- 6" Drive tube is concealed under aluminum header.
- Aluminum housing and side channels are strong, lightweight and easy to clean.
- The patented sealing system provides excellent wind load resistance.
- The sealing system utilizes commercial hook and loop, reducing movement of air, dust, dirt and other contaminants from room to room.
- Multilayered, high density woven polyethylene fabric has two air pockets that provide good thermal insulation characteristics.

RS-400 Model Door (11' Wide - 16' Wide)

* Please see chart(s) below for all new single part number door ordering process. Please contact sales or customer service for quotes on door options not listed below. *

* RS-400 Doors are designed with a wider track assembly and heavy duty chain hoist assembly and are considered a High Wind Door. *

* Listed Width and Height Dimensions reflect the "Clear Opening" of the Door. Total Door Dimensions Can be Calculated by the below formulas:

Total Door Width = Clear Opening Dimension Listed Above + 13.75"

Total Door Height = Clear Opening Dimension Listed Above + 18"

** Manaras Motor Doors do not come with the Manaras Motor. Please see the charts on the following pages for part numbers and pricing on motor options. Doors are set up as Universal Mount, so Manaras can be mounted on either the left or right hand side of the door. All Chain Hoist Doors come complete with Chain Kit Included in the List Price.

Operator Options

Product Description	Model Number	Part#	Price
Manual Chain Hoist	RS-400 Manual Chain Hoist	6450-7801-HH	\$310.00
Manaras Operator - 1 HP 115V - Right	DRIVE Manaras 1 hp 115v Right	3017-5500	\$1,780.00

Floating Velcro for 16' Tall Door - Right	RS-400 F-Velcro Assembly 2pc 16'	6421-9903	\$129.00

RS-Sidewall System

Automated RollSeal Systems

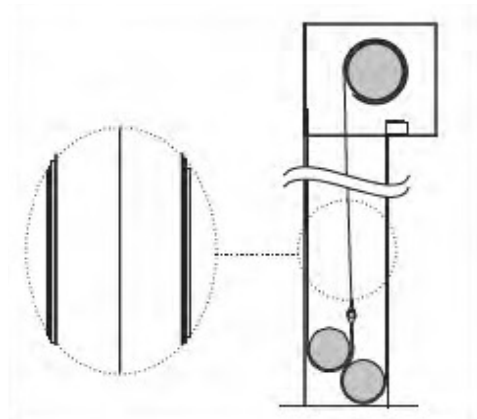

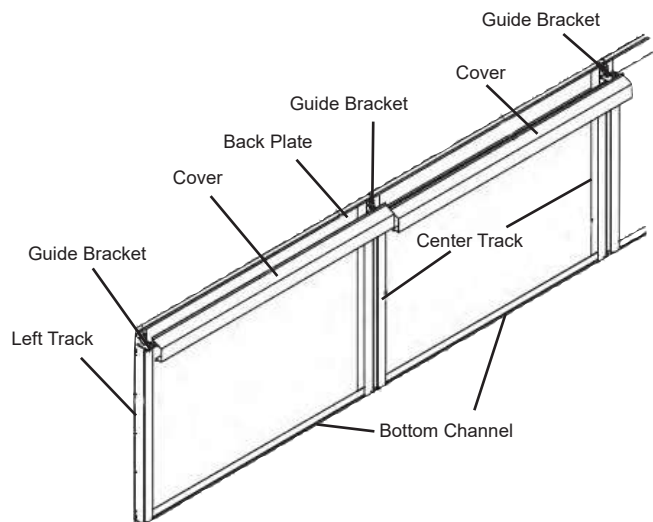

- Available in width sections of 5', 6', 7', 8', 9', 10', 11' and 12'
- Available in standard heights of 3', 4', 5', 6', 8', 10' and 12'
- Rolls up neat and compact to protect the life of the fabric
- High UV resistant, long life woven polyethylene fabric
- Withstands high wind loads
- Manual or motorized operation options
- Patented double-seal technology
- Two air pockets provide good thermal insulation characteristics
- Sidewall lines include standard and unitized (sidewall and cool cell combination system)

Our patented RollSeal Sidewall Systems can address any agricultural application. They make use of our proven patented three-ply, double-seal technology to provide the ultimate in sealing and insulation for any confinement structure. When combined with our electronic control system, the sidewalls can be fully automated, imagine, just set the desired temperature on our controller and your sidewalls will be opened and closed to achieve the targeted zone automatically. Heavy wind loads are also no problem with the air tight double seal provided by RollSeal.

The Unitized Sidewall System combines our Mega-Cool System with the RollSeal Sidewall System. The sidewalls can regulate the cool cell system, controlling both ventilation and increasing efficiency.

Standard - The standard RollSeal Sidewall System is used on houses that require the bottom channel for sealing.

Unitized - The Unitized System is used in combination with our Mega-Cool Evaporative Cooling System.

RS-Sidewall Systems

RS-Sidewall Step by Step Ordering Instructions

When Ordering a RS-Sidewall System, Determine the Following Before Beginning the ordering process:

1. Desired Height of System
2. Desired Length of System
3. Post or Column Spacing of Structure to be Mounted
4. Choose Between Clear or Black-Out Panel
5. Determine Motor Option Desired
6. Determine Total Number of Systems Required for your installation

Definitions and Guidelines of the Various Parts and Accessories to the RS-Sidewall Systems

1. 8', 9', 10', 11' and 12' Section Widths - These are Horizontal Parts (Cover, Back Plate, Tension Pipes, etc.)
2. End Track Kits - Right and Left Vertical Tracks
3. Center Track Kits - Center Vertical Tracks
4. Drive Pipe - Pipe that the Motor Controls to Raise and Lower the System
5. Bottom Channels - Channel at the Bottom of the Opening that Seal when the Panel is Completely Closed
6. Panels - Offered in Various Sizes Using Translucent or Black Material
7. Motor and Motor Kits - Motor and Hardware for Mounting and Installation
8. Hardware Kits - Different Kits Specifically Designed for Wood, Steel with Concrete Knee-Wall

How to Order RS-Sidewall Systems

1. Order the number of **Sections** to complete the system choosing **sloped** or **flat bottom** channels
2. Order one **End Track Kit** for each system
3. When ordering the **Center Track**, determine the number of **Sections** and subtract one
4. When ordering the **Drive Pipe**, determine the length of the system, round off to the nearest 10, then divide by 10 and add one
5. Order the number of **Panels** to match the number of **Sections**
6. Order the number of **Motors** and **Motor Mount Kits** to match the number of systems
7. Determine what structure you are mounting to (Wood, Steel or Steel with Concrete Knee-Wall) and then order one Hardware Kit per Section
8. When ordering the **Cover Splices**, determine the number of **Sections** and subtract one.

RS-Sidewall System Ordering Example

*** For (2) 70' Long - 5' Tall -Clear Panel - Tube Motor - Flat Bottom Channel - Post Spacing of 10' - Wood Structure ***

Product Description	Part#	Quantity per System	Total Quantity Required for 2 Systems
Flat Bottom 10' RS-Sidewall Section	6621-1043	7	14
5' End Track Kit	6450-7503-HH	1	2
5' Center Track Kit	6421-0309-HH	6	12
10' Drive Pipe	6421-0355-HH	8	16
5' x 10' Panel - Clear	6421-0244	7	14
Somfy Tube Motor	3017-5015	1	2
Somfy Tube Motor Mounting Kit	6450-7550-HH	1	2
Hardware Kit for Wood Structure Mounting	6450-3050-HH	7	14
Galvanized Cover Splice	0404-9522	6	12

RS-Sidewall Motors, Controls and Hardware Kit

Step 7

Motors and Motor Mounting Kits

Product Description	Model Number	Part#	Price
Somfy Tube Motor	MTR Somfy 880 in.lb. 6100R2	3017-5015	\$1,257.00
Somfy Tube Motor Mounting Kit	KIT Somfy Motor Mount	6450-7550-HH	\$194.00
Somfy Tube Motor Drive Crown	Somfy Drive Crown	1050-5000	\$43.00
Manaras Operator - 1/2 HP 115V - Right	DRIVE Manaras 1/2hp 115v Right	3017-5513	\$2,463.00
Manaras Operator - 1/2 HP 115V - Left	DRIVE Manaras 1/2hp 115v Left	3017-5514	\$2,463.00
Manaras Operator - 1/2 HP 230V - Right	DRIVE Manaras 1/2hp 230v Right	3017-5515	\$2,454.00

Motor Controllers

Product Description	Model Number	Part#	Price
Sidewall System Motor Control - Controls Motor Model 6421-8555	Rollseal Motor Control 5wire	6607-7505	\$972.00

Step 8

Installation Hardware

Product Description	Model Number	Part#	Price
Hardware Kit to Mount to Wood Structure	KIT Hardware Rollseal Sidewall Wood	6450-3050-HH	\$19.47
Hardware Kit to Mount to Steel Structure	KIT Hardware Rollseal Sidewall Steel	6450-3051	\$10.82
Hardware Kit to Mount to Steel Structure with Concrete Knee-Wall	KIT Hardware Rollseal Sidewall Concrete	6450-3053-HH	\$19.18

RS-Sidewall Replacement Parts and Accessories

Back Plate Assemblies

Product Description	Model Number	Part#	Price
Back Plate Assembly for 8' Wide Section	RS GS Back Plate Assembly 8' Wide	6421-0315	\$CALL
Back Plate Assembly for 9' Wide Section	RS GS Back Plate Assembly 9' Wide	6421-9114	\$CALL
Back Plate Assembly for 10' Wide Section	RS GS Back Plate Assembly 10' Wide	6421-0316	\$171.00
Back Plate Assembly for 12' Wide Section	RS GS Back Plate Assembly 12' Wide	6421-0317	\$CALL

Bearing Assemblies

Part Number and Photo	Description and Model Number	Price
 6421-0321-HH	End Bearing Assembly	\$65.00
	End Bearing Bracket Assembly	

Brackets

Part Number and Photo	Description and Model Number	Price
 0402-5000	Cast Motor Mount Plate for Somfy Tube Motor	\$43.00
	FAB CI Motor Mount	
 0404-9520-HH	Galvanized Right End Cap for Somfy Tube Motor Systems	\$18.23
	FAB GS RS Right End Cap	
 0404-9897	Galvanized Right End Cap for Rigid Mount Motor Systems	\$33.00
	FAB GS RS/SW Cap Right End	

Part Number and Photo	Description and Model Number	Price
 0404-9521-HH	Galvanized Left End Cap for Somfy Tube Motor System	\$19.37
	FAB GS RS Left End Cap	
 0404-9898	Galvanized Left End Cap for Rigid Mount Motor Systems	\$33.00
	FAB GS RS/SW Cap Left End	
 0404-9522	Galvanized Cover Splice	\$50.00
	FAB GS STD RS SW Cover Splice	

Product Description	Model Number	Part#	Price
Galvanized End Bearing Assembly - Motor End	FAB GS RS Motor Mount/End Bearing	0404-9518	\$CALL

RS-Sidewall Replacement Parts and Accessories

Covers

Product Description	Model Number	Part#	Price
Galvanized Cover for 8' Wide Section	FAB GS RS Cover 8' Wide	0404-9507	\$CALL
Galvanized Cover for 9' Wide Section	FAB GS RS Cover 9' Wide	0404-9880	\$CALL
Galvanized Cover for 10' Wide Section	FAB GS RS Cover 10' Wide	0404-9511-HH	\$133.00
Galvanized Cover for 12' Wide Section	FAB GS RS Cover 12' Wide	0404-9515-HH	\$160.00

Drive Pipe Assemblies

Part Number and Photo	Description and Model Number	Price
 6421-0356	Galvanized Motor Pipe Assembly	\$81.00
	RS Motor Pipe Assembly	

Floating Velcro Kits

Product Description	Model Number	Part#	Price
Floating Velcro Kit for Sidewalls up to 4' Tall	KIT RS/SW Floating Velcro 4'	6450-3303	\$308.00
Floating Velcro Kit for Sidewalls up to 5' Tall	KIt RS/SW Floating Velcro 5'	6450-3304	\$CALL
Floating Velcro Kit for Sidewalls up to 7' Tall	KIt RS/SW Floating Velcro 7'	6450-2184	\$CALL
Floating Velcro Kit for Sidewalls up to 8' Tall	KIt RS/SW Floating Velcro 8'	6450-3302	\$CALL
Floating Velcro Kit for Sidewalls up to 12' Tall	KIt RS/SW Floating Velcro 12'	6450-3301	\$CALL
Floating Velcro Kit for Sidewalls up to 14' Tall	KIt RS/SW Floating Velcro 14'	6450-3300	\$CALL

Hardware

Product Description	Model Number	Part#	Price
Zinc Hex Nut	NUT Fin 1/4-20 hx Z	1001-1445	\$0.40
Stainless Rivet	RIVT SSD-64-SSBS	1005-0100	\$1.00
Tapcon Screw for Concrete	SCRW 1/4x1-1/4 hx Tapcon Anc	1004-6024	\$0.90
Zinc Hex Screw	SCRW Cap 1/4-20x1/2 hx2 Z	1004-1401	\$0.40
Zinc Lag Screw	SCRW Lag 1/4x1.500 hx Z	1004-5017	\$0.70
Screw for Mounting	SCRW SM # 14x1.500 hx Z	1004-0050	\$0.50

Tension Bar Assemblies

Product Description	Model Number	Part#	Price
Tension Bar and Pipe for 8' Section	RS STD SW 8' Tension Bar	6421-0359	\$105.00
Tension Bar and Pipe for 9' Section	RS STD SW 9' Tension Bar	6421-2400	\$CALL
Tension Bar and Pipe for 10' Section	RS STD SW 10' Tension Bar	6421-0360-HH	\$CALL
Tension Bar and Pipe for 12' Section	RS STD SW 12' Tension Bar	6421-0361	\$CALL

Top Bar Assemblies

Product Description	Model Number	Part#	Price
Top Bar Assembly for 8' Wide Section	RS GS Top Bar Assembly 8' Wide	6421-0318	\$CALL
Top Bar Assembly for 9' Wide Section	RS GS Top Bar Assembly 9' Wide	6421-9115	\$CALL
Top Bar Assembly for 10' Wide Section	RS GS Top Bar Assembly 10' Wide	6421-0319	\$78.00
Top Bar Assembly for 12' Wide Section	RS GS Top Bar Assembly 12' Wide	6421-0320	\$98.00
